

1 as maintaining the State government, or aiding or main-  
2 taining a public institution, then I would assume it would

4 would be referrable, if it were not tied to a tax.

5 THE CHAIRMAN: Delegate Case.

6 DELEGATE CASE: I am not quite sure that the  
7 answers -- the answer to my question must be that your  
8 committee intended to make no change, because those are the  
9 kinds of bonds I was talking about, full faith and credit  
10 bonds.

11 DELEGATE KOSS: That is right.

12 THE CHAIRMAN: Delegate Scanlan.

13 DELEGATE SCANLAN: The Commission draft dealt  
14 with the referendum problem in three fairly succinct  
15 sections.

16 The model State Constitution deals with it in  
17 one section. One of the criticisms of the present Consti-  
18 tution made by the Commission was the large complication  
19 and proplexity of the present provisions of section 2 of  
20 Article XVI of the present Constitution, dealing with the  
21 referendum.
